

Term 1 Project Guidelines

- 1> Please choose and download project data from this [link](#).
(If link doesn't work go to <https://github.com/insaid2018/Term-1/tree/master/Data/Projects>)
- 2> Based on EDA 1 & EDA 2, follow a standard approach to build an EDA project
- 3> Create a presentation about your project and how you went about analyzing the data and what questions you answered
- 4> Record your presentation by providing voice overlay on it. You can use free version of zoom to speak about your project preferably up to 10 minutes
- 5> Send the project to academics@insaid.co
